

WHAT WENT WRONG ?!!

O.Liaghat
Orthopedicc hand surgeon

8 y/o boy with forearm fracture following a fall

Reduction technique
and acceptable range

Sagittal Plane

Age (yr)	Boys	Girls	Frontal Plane
4–9	20	15	15
9–11	15	10	5
11–13	10	10	0
>13	5	0	0

Open reduction and pin fixation after 1 month

Pin loosening 3 weeks later

what to do for this nonunion?

plate fixation was done 2 weeks later

After 1 year the patient felt pain so the plates were removed

3 weeks post plate removal

3 weeks later

What to do at this stage?
